GEORGIAN LANDSCAPE DESIGN NAMED BEST OF GWINNETT 2008

ATLANTA – November 10, 2008 – Gwinnett Magazine announced Georgian Landscape Design as best landscaping firm for Best of Gwinnett 2008 for the second year in a row.

“Winning this award for the second year in a row really means a lot to all of us at GLD. It tells us that our clients recognize the hard work and dedication that the whole crew puts into every project, and it really fires us up to keep this momentum in 2009” says Ed Szczesniak, owner of GLD.

GLD has grown tremendously over the past two years according Szczesniak. “Even in the midst of this economic downturn, new clients and new projects are coming to us. I guess people are deciding to invest in their homes instead of the market. The best part to me is that over 90% of our work is the result of client referrals. Nothing could make us happier as this confirms that our clients are very pleased with our work. It also allows us to avoid spending money on advertising which helps us keep our prices down”

GLD has also announced major enhancements to their website, which now includes client testimonials, a new picture gallery format, and a library of newsletters for their clients to refer to as the seasons change.
